**Exhibiting at the 2009 CSSE Conference offers you:**

- \* **Up to 10 unopposed hours of exhibition exposure** over 2 days to hundreds of safety professionals from across Canada. These contacts are highly-qualified leads looking for products and services that you offer.
- \* Coffee and various food services **served in the Exhibit area** ensure maximum booth exposure
- \*\* **A Cost effective method of reaching high quality leads.** Compare the investment of as low as \$900.00 to exhibit in this tradeshow to using direct mail - where you have to send out hundreds, perhaps thousands of mailers just to find a few good leads. CSSE conference attendees are committed to occupational health and safety and this equals leads you just can't find anywhere else. At this conference, nearly every attendee constitutes a qualified lead!

**Exhibitor Benefits**

- ❖ Pre-and Post-Conference announcements in CSSE CONTACT, the association's membership publication that is distributed to over 3,400 occupational health, safety and environmental professionals
- ❖ Acknowledgement in the CSSE Conference On-site Brochure

- ❖ The opportunity for a reduced rate for a listing in CSSE's Virtual Trade Show on the web site from when you sign up until the conference is over – [www.csse.org](http://www.csse.org)
