

**CSSE**  
**Canada's safety, health and environmental practitioners**

---

August 22, 2008

*Name of Employer / CEO*

*Company Name*

*Address, including postal code*

Dear *Employer / CEO Name Here or similar*:

On behalf of the Board of Directors, I am writing to extend thanks and appreciation to you and your organization for your support of the Canadian Society of Safety Engineering. Your employee, *Name / Title(s)*, as a member of the Society, is making an investment in their professional development and displays a commitment to their profession and to their professional organization.

I am confident that your company or organization will reap the benefits of your employee's on-going career development and networking with other safety, health and environmental practitioners. Established in 1949, the CSSE is Canada's largest and longest known organization for personnel practicing in the field of occupational, environmental and public health and safety with over 3,500 members across Canada, the United States and in several nations abroad.

Membership with the CSSE ensures the opportunity to participate and benefit from the following products & services:

- Education Courses – CSSE offers its members discounted rates on a variety of courses that are relevant to the needs of today's occupational, health and safety professional
- Chapter Activities – CSSE's chapters hold monthly meetings to allow members to network with their peers and to exchange information on matters of common interest
- Certified Health & Safety Consultant (CHSC) designation (for those who qualify)
- Society News in CSSE Contact – CSSE's own newsletter, published four times a year
- Partnerships with various organizations that offer discounted rates on products & services such as Professional Liability/E&O Insurance and home and auto insurance
- Member rates for the CSSE Online Exhibition – a place to advertise your organization's products & services

I welcome the opportunity to discuss CSSE membership with you at any time should you have any questions or would like to learn more about the CSSE.

Sincerely,

Art Nordholm, CHSC CRSP  
President, Canadian Society of Safety Engineering
